Attention: Mr. W. K. Whiting

Subject: EOS Proposal PO75-41-46D,
"Metallic Vapor Lamp"

Reference: Briefing in Mr. Whiting's office
on 28 March 1967. Attendees:
Messrs. G. White, R. Lintell, and
A. Jensen of EOS

Gentlemen:

Electro-Optical Systems, Inc., is pleased to submit this CPFF proposal to conduct a two (2) phase research program to study transient effects in cesium plasmas. The first phase will be complete within three (3) months. The second phase which starts concurrently will be completed within six (6) months.

In order to meet the delivery schedule it was necessary to keep this proposal unclassified. No specific reference was made to wavelength bands related to system requirements.

Direct labor rates quoted represent current weighted averaged experience rates for each category. The bidding rates of 133% Overhead and 16.5% G & A used in preparing this proposal have been approved. For confirmation contact our Administrative Contracting Officer, Mr. John Billotti, Defense Supply Agency, Defense Contract Administration Services District, Pasadena, 125 South Grand Avenue, Pasadena, California 91105.
